**WESTERN CANADA'S CANNABIS INSURANCE LEADER**

# Custom Crafted Coverage for Microcultivators

Fuse Insurance Ltd. and our A-rated insurer partners are ready to protect the Cannabis industry, including micro-cultivators and micro-processors, and the landlords, manufacturers, and vendors that support them. By offering robust yet flexible insurance packages, we can adapt and grow your policy to match your business at any stage, from start-up to full operations, saving you time and money. Plus, with Fuse Insurance's payment plan options, you can more easily manage your cash flow, letting you invest more into getting your business off the ground.

Our bespoke cannabis policies mean you get the right insurance for your business, underwritten by leading specialty insurance companies

Phased coverage tailored to your evolving business, including product recall, crop failure, commercial property, liability and more

Fuse Insurance's dedicated cannabis support team is here to help at any step along the way, from quotes to claims
